

### Chapter Three Paper

For your first paper in Eng101, take a look at chapter three in *Subject & Strategy*. Read all of the essays and then pick one you would prefer to write about. Your assignment is to summarize that essay, explaining the ideas that you found most interesting or useful and why.

This essay must be organized with an introductory paragraph that includes a thesis statement and plan of development, at least three paragraphs in the body of the essay, and a concluding paragraph. Your essay must be **two and a half pages long** and developed with specific ideas. Please use MLA citation format (if you have questions ask me). I do not need a cover sheet.

We will be in the computer lab on the 25th to give you an opportunity to start typing your paper if you haven't had a chance yet. On October 9th, when your paper is due at midnight to my BCC email (wwend@bcc.edu) we will be spending the entire class in the computer lab to give you another opportunity to write and ask questions, etc.
